

JOB TRACKER

Own your job strategically with our job tracker! When people approach me with job search concerns, it's hard to assess what's happening, where we are going and what we need to do without numbers.

I did this for myself on a worn-down notebook during my toughest job search ever, in the United States the first 1-2 years.

It gave me a sense of control and reassurance. This information helped me stay on top of things and be better prepared for unexpected calls in a second language.

My wish is that it helps you too :)

Tracker Goals

- Own your job search
- Know your numbers
- Review Progress
- Spot challenges & apply redirection
- Be on top of the game

Tracker Instructions:

1. Fill out the below for each application you submit whether that's through traditional channels, referrals or networking.
2. Join @CreativeCareerThinking on instagram to further discuss within our community of career driven creatives.
